**Title** Go Page

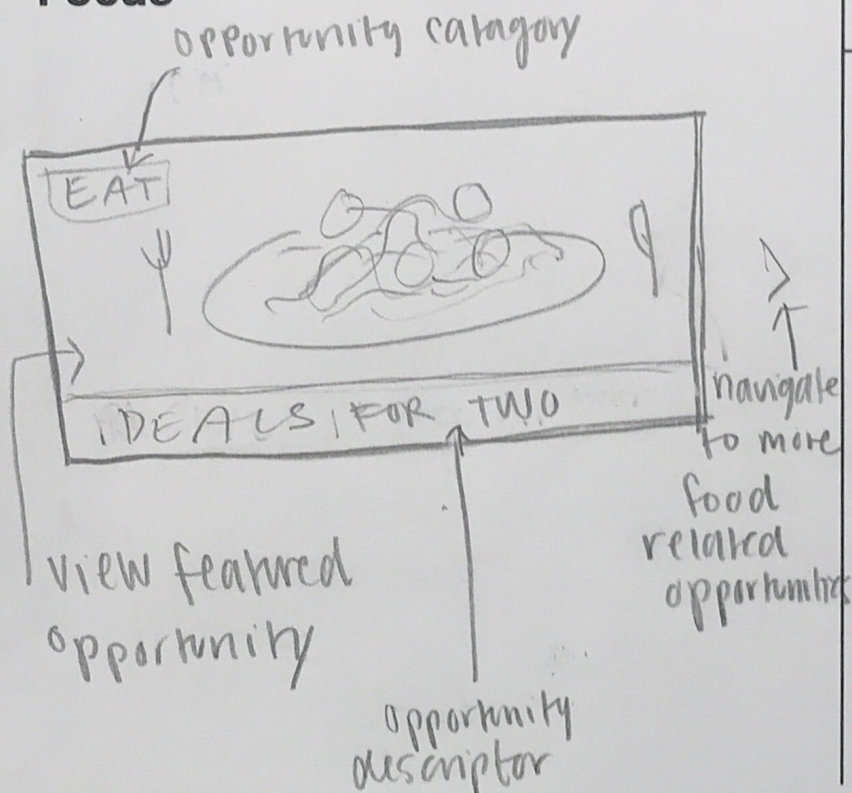

**Date** 11.8.18

**Task** Events and Opportunities page where users can view featured activities and navigate to different opportunity pages.

## Operations

- set location to filter for opportunities in different areas
- Navigate to opportunities pages based on food, activities or hobbies
- View featured opportunities
- Search opportunities by topic

## Focus

## Discussion

- ✓ Easy to customize based on location
- ✓ Featured opportunities are visually descriptive and simple to navigate to.
- ✗ Little opportunity to filter by future date or interests
- ✗ categories could be limiting for opportunities outside of events and restaurants.
